

## Marlborough EDC Participates in Marlborough Day Event (8/23/09)

Members of the Marlborough Economic Development Commission (EDC) participated in the second annual Marlborough Day event held on Sunday, August 23<sup>rd</sup> at Blish Park. This community wide event is sponsored by the Marlborough Business Association. Many local businesses and organizations participated by staffing booths or sponsoring entertainment.

EDC members who staffed the commission's booth included Greg Servodidio, Mark Hayes, Jane Boston, Peter Klein and Bill Morande. Many residents stopped by the EDC booth throughout the day to look at the maps of the town center plan and a conceptual plan of the business park. They expressed a wide range of views and asked important questions about the local projects currently underway including the new town green, the business park and the sewer project.

Representative Pam Sawyer ( R ) visited the EDC booth while enjoying the festivities. This popular event drew a crowd of Marlborough residents of all ages on a beautiful summer day by Lake Terramuggus. A host of activities, local restaurant food booths, a wide variety of performances and exhibitions, live music and raffles were enjoyed by all. A waffle ball tournament made its debut.

The EDC looks forward to participating in next year's Marlborough Day event.
